# 1 Introduction

---

## 1.1 Purpose

This document describes the high level design of the user interface for EORSV2.

## 1.2 Objectives

The main objective of this detailed design document is to provide software developers with a framework in which to implement the requirements identified in the EORSV2 Technology Refresh requirements document.

## 1.3 Scope

This design is limited to the EORSV2 user interface. WO46 does not include any new functionality or updates functionality but does provide user interface updates in HTML. This document consists of screenshots that demonstrate the user interface updates.

## 1.4 Design Process

This design is based on a series of Joint Application Design (JAD) sessions that were held with developers, stake holders, and users. The user interface design is included in this document in the Human Machine Interface section.

## 1.5 Work Products

This design document consists of a series screen captures and brief descriptions where necessary.

## 2 Human Machine Interface

---

### 2.1 EORSV2

This section describes the EORSV2 user interface.

### 2.2 Background Information

It is incumbent upon the EORSV2 Technology Refresh development team to update the EORSV2 user interface in a manner which adheres to responsive web design and layout standards. Specifically, EORSV2 must be fully functional on Internet Explorer 9 and Internet Explorer 10. In addition, the following modules have been designated as being compatible with iPad using iOS 8:

- Home page
- Event Shop Reports
- EOC Operations
- Situational Awareness & Archive
- iPad User Links
- Hurricane Awareness
- Limited User Management

The screen captures that follow will include images taken browsing with a PC and iPads in both portrait and landscape orientations. iPad screenshots are provided for the modules noted above.

## 3 PC Screen Captures

This section of the document contains screen captures from EORSV2 after all updates have been completed. The sub-sections follow the main site navigation links and site functionality.

### 3.1 Home Page

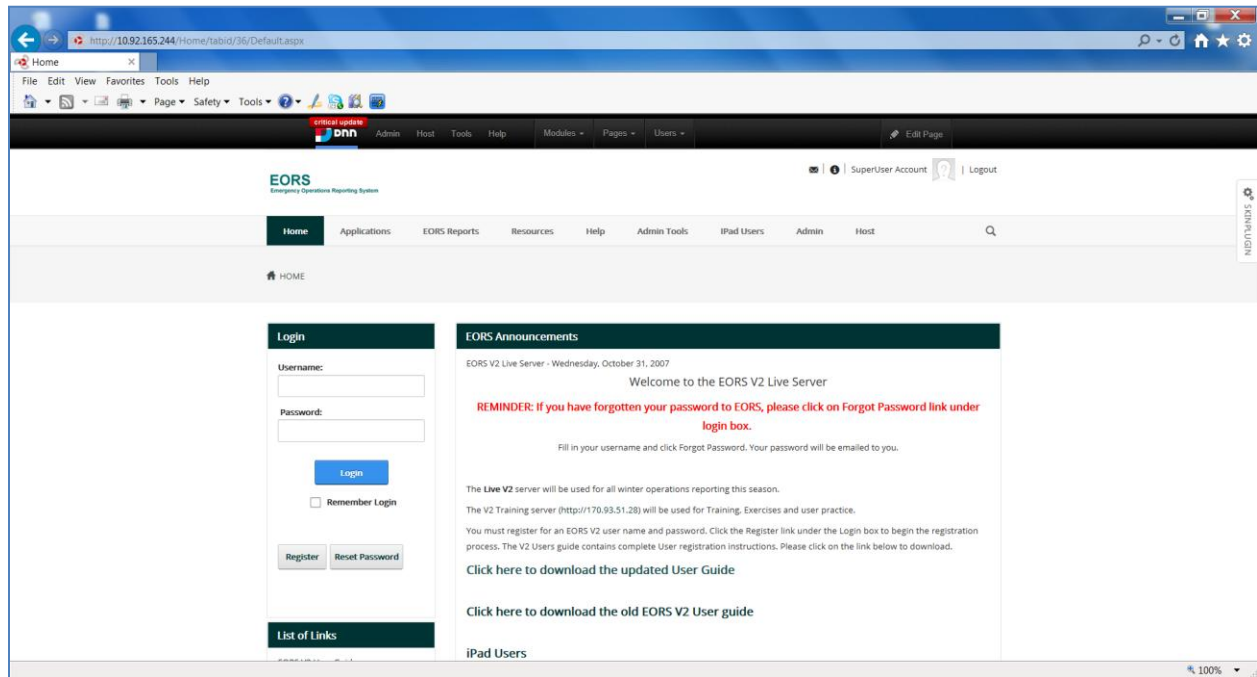

Figure 3-1 Home Page

## 3.2 Start/Update Event

### 3.2.1 Add/Edit Event

The screenshot shows a web browser window displaying the 'Add/Edit Event Details' form within the EORS (Emergency Operations Reporting System) application. The browser's address bar shows the URL: `http://10.92.165.244/Applications/StartUpdateEvent/tabid/111/Default.aspx?mctl=EventsMain/EditEvent`. The application's header includes the EORS logo, a 'critical update' banner, and navigation links for Admin, Host, Tools, Help, Modules, Pages, and Users. A user is logged in as 'SuperUser Account'. The breadcrumb trail indicates the path: APPLICATIONS > START/UPDATE EVENT. The form itself is titled 'ViewEvents' and 'Add/Edit Event Details'. It contains an 'Event Name' text field, a 'Select Event Type' dropdown menu currently set to 'Winter Storm', and a section for 'Event Characteristics' with checkboxes for Snow, Ice Storm, Sleet, Blizzard, Freezing Rain, and Black Ice. Below these is a 'Notes' text area. At the bottom of the form are 'Save' and 'Master Event List' buttons. The browser's status bar at the bottom right shows '100%' zoom.

### 3.2.5 List of Shops Reporting

The screenshot shows the EORS (Emergency Operations Reporting System) web application. The browser address bar indicates the URL: <http://10.92.165.244/Applications/StartUpdateEvent/tabid/111/eventID/131023W002/Default.aspx?mctl=EventShopReports/RecentReports&eventName=1st+storm+of+the+season>. The application header includes the EORS logo and navigation links: Home, Applications (selected), EORS Reports, Resources, Help, Admin Tools, iPad Users, Admin, and Host. A search bar is also present. The main content area shows the breadcrumb 'APPLICATIONS > START/UPDATE EVENT' and a 'ViewEvents' section titled 'List of Shops Reporting'. Below the title, it specifies 'Event ID: 131023W002' and 'Event Name: 1st storm of the season'. A table lists the following data:

Shop	Report Number	Operations Type	Report Date	Latest Shop Detail Report	Shop Detail Report
8334 - Marlboro	1	Pre-Event Operations	10/29/2014 2:00:21 PM	Latest Shop Detail Report	Shop Detail Report
8551 - Annapolis	7	Emergency Operations	10/29/2014 1:59:18 PM	Latest Shop Detail Report	Shop Detail Report
8662 - LaVale	11	Emergency Operations	10/29/2014 1:38:39 PM	Latest Shop Detail Report	Shop Detail Report
8667 - Kaysers Ridge	23	Operations Complete	10/25/2013 2:44:28 PM	Latest Shop Detail Report	Shop Detail Report
LMB - William Preston Lane Memorial Bridge	1	Pre-Event Operations	1/19/2015 1:57:09 PM	Latest Shop Detail Report	Shop Detail Report

At the bottom of the table, there are two buttons: 'New Report' and 'Master Event List'.

Figure 3-7 List of Shops Reporting

### 3.2.6 Event Shop Reports

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/StartUpdateEvent/tabid/111/eventID/131023W002/shop/8334/Default.aspx?mctl=EventShopReports/ShopReport&eventName=1st+storm+of+the+season>. The page title is "Event Shop Report". The "Shop ID" is set to "Marlboro". The "Event Type" is "Winter Storm", "Event ID" is "131023W002", and "Report Date" is "1/22/2015". The "Event Name" is "1st storm of the season", "Report #:" is "2", and "Report Time" is "15:06:22 (Military Time 00:00 - 23:59)". The "Operations" tab is selected, showing "Ops Type" as "Pre-Event Operations". Under "Winter Storm Pre-Event Operations Activities (select all that apply)", the following activities are listed with checkboxes: "Applying Anti-icing Chemical", "Cleaning Inlets", and "Route Patrol". There is also a text box for "Other (255 Characters Max)".

Figure 3-8 Shop Report – Operations

The screenshot shows the same web browser window as Figure 3-8, but with the "State" tab selected. The "State Resources - Winter Storm Event" section displays a table of resources and their counts. The resources are listed in two columns, with counts entered in the adjacent input fields.

Resource	Count
Personnel	5
Dump Trucks	0
Loaders	0
Pickups/SUVs	0
Graders	0
Wreckers	0
Snow Blowers	0
Utility Trucks	0
Backhoes	0
Chippers	0
Portable DMS	0
Light Towers	0
Bobcats	0
Skid Steers	0
Light Tow Trucks	0
Other	0

### 3.2.8 Shop Reports Materials

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/StartUpdateEvent/Tabid/111/eventID/131023W002/Default.aspx?mct=EventsMaterials/Materials>. The page is titled "EORS Emergency Operations Reporting System" and has a navigation bar with links: Home, Applications, EORS Reports, Resources, Help, Admin Tools, iPad Users, Admin, and Host. The "Applications" link is selected. Below the navigation bar, there is a breadcrumb trail: APPLICATIONS > START/UPDATE EVENT. The main content area is titled "ViewEvents" and "Add/Edit Shop Materials Usage". It contains a "Master Event List" with "Event ID: 131023W002". Below this, there is a "Shop" dropdown menu with "Centreville" selected. To the right of the dropdown, there are two columns of input fields for materials usage. The first column includes "Salt", "Salt Brine", "Magnesium Chloride", "Calcium Chloride", and "Potassium Acetate", each with a numeric input field set to "0". The second column includes "Abrasives", "Salt Brine Enhanced", "Meals (\$)", and "Miscellaneous", each with a numeric input field set to "0". At the bottom of the form, there are "Update" and "Cancel" buttons.

Figure 3-17 Shop Report Materials

### 3.2.9 Shop Reports Debris

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/StartUpdateEvent/Tabid/111/eventID/140925N001/Default.aspx?mct=EventsMain/Debris>. The page is titled "EORS Emergency Operations Reporting System" and has a navigation bar with links: Home, Applications, EORS Reports, Resources, Help, Admin Tools, iPad Users, Admin, and Host. The "Applications" link is selected. Below the navigation bar, there is a breadcrumb trail: APPLICATIONS > START/UPDATE EVENT. The main content area is titled "ViewEvents" and "Non-Winter Emergency Debris Removal". It contains a "Master Event List" with "Event ID: 140925N001". Below this, there is a "Select Shop" dropdown menu with "Centreville" selected. To the right of the dropdown, there is a "Debris (cubic yards)" input field set to "0". At the bottom of the form, there are "Submit" and "Cancel" buttons.

## 3.4 Event Mapping

The screenshot shows the 'Event Mapping' application interface. The browser address bar displays 'http://10.92.165.244/Applications/EventMapping/tabid/103/Default.aspx'. The application has a menu bar with 'Admin', 'Host', 'Tools', 'Help', 'Modules', 'Pages', and 'Users'. The main navigation area includes 'Home', 'Applications', 'EORS Reports', 'Resources', 'Help', 'Admin Tools', 'iPad Users', 'Admin', and 'Host'. The 'Applications' section is active, showing 'APPLICATIONS > EVENT MAPPING'. The main content area is titled 'Event Mapping' and contains several dropdown menus for selection: 'District', 'Shop', 'Route', 'Direction', 'Segment Start', and 'Segment End'. A 'Submit' button is located below these menus. To the right, there is a 'Select Roadway Condition' section with a color-coded legend: 'Isolated Coverage' (yellow), 'Overall Coverage' (orange), 'Restricted Lanes' (red), and 'I/P' (blue). A 'Links' section on the far right contains a link to 'ESM GIS Map'. The footer includes 'Copyright 2007 MDOT', 'Privacy Statement', and 'Terms Of Use'.

Figure 3-21 Event Mapping

## 3.5 Route Restrictions

The screenshot shows the 'Route Restrictions' application interface. The browser address bar displays 'http://10.92.165.244/Applications/RouteRestrictions/tabid/57/Default.aspx'. The application has a menu bar with 'Admin', 'Host', 'Tools', 'Help', 'Modules', 'Pages', and 'Users'. The main navigation area includes 'Home', 'Applications', 'EORS Reports', 'Resources', 'Help', 'Admin Tools', 'iPad Users', 'Admin', and 'Host'. The 'Applications' section is active, showing 'APPLICATIONS > ROUTE RESTRICTIONS'. The main content area is titled 'Route Restrictions' and contains a 'Filter Restriction List' section. This section includes a 'Starting County' dropdown menu set to 'All Counties', an 'Active/Archive' dropdown menu set to 'Active', and a table of route restrictions. The table has columns for 'Start Date', 'County', 'Route', 'Location', and 'Mapped'. Below the table is a pagination control showing '1' through '9'. At the bottom, there are buttons for 'Add Route Restriction' and 'Printable Report'. A 'Help' section on the right contains a link to 'Route Restrictions Documentation'.

Start Date	County	Route	Location	Mapped
7/17/2007	Baltimore	IS 695	From I-695 to at overpass of US 1 Alternate(outeroop)	True
7/19/2007	Baltimore	MD 45	From exit 36 to exit 33	True
7/19/2007	Allegany	MD 51	From MD 51 to MD 51	True
7/19/2007	Baltimore	IS 695	From Patapsco River to Hammonds Ferry Rd	True
7/19/2007	Allegany	US 220	From US 220 to US 220	True
7/30/2007	St Marys	MD 4	From MD 4 crossing the Patuxent River to MD 4 crossing the Patuxent River	True
7/31/2007	Washington	MD 65	From OVER I 70 to OVER I 70	False
7/31/2007	Washington	MD 68	From MD 632 to US 40	False
7/31/2007	Frederick	MD 76	From US 15 to MD 77	False
7/31/2007	Frederick	MD 77	From US 15 to FOXVILLE RD	False

Figure 3-22 Route Restriction List

The screenshot displays a web browser window with the URL `http://10.92.165.244/Applications/RouteRestrictions/tabid/57/Default.aspx`. The application interface features a top navigation bar with links for Admin, Host, Tools, Help, Modules, Pages, and Users. The main content area is titled 'Route Restrictions' and contains a sub-section 'Add/Edit Properties'. This section displays the following information and controls:

- Date Created:** 1/23/2015
- Created By:** host
- Mapped:** False
- Start Date:** A date picker set to 1/23/2015.
- Active:** Radio buttons for Yes (selected) and No.
- Type of Restriction:** A dropdown menu currently set to 'By County & Route'.
- Options:** Two checkboxes, 'Until Further Notice' and 'Closed To Permit Loads', both of which are unchecked.
- Starting County:** A dropdown menu showing '-SELECT-'.
- Ending County:** A dropdown menu showing '-SELECT-'.
- Route Type:** A dropdown menu showing '-SELECT-'.
- Route Number:** A dropdown menu showing '-SELECT-'.
- Route Direction:** A dropdown menu showing '-Select-'.
- Starting Location:** A dropdown menu set to 'Intersection Route', followed by two additional dropdown menus, both showing '-SELECT-'.
- Ending Location:** A dropdown menu set to 'Intersection Route', followed by two additional dropdown menus, both showing '-SELECT-'.
- Editor:** A toolbar with options for 'Basic Text Box' (selected) and 'Rich Text Editor'.

A 'Help' sidebar on the right side of the page provides a link to 'Route Restrictions Documentation'. The bottom right corner of the browser window shows a zoom level of 100%.

**Figure 3-23 Add/Edit Route Restriction**

## 3.6 Post Storm Review

The screenshot shows a web browser window displaying the EORS (Emergency Operations Reporting System) interface. The URL is <http://10.92.165.244/Applications/PostStormReview/tabid/198/Default.aspx>. The page title is "Post Storm Review". The navigation bar includes "Home", "Applications", "EORS Reports", "Resources", "Help", "Admin Tools", "IPad Users", "Admins", and "Host". The "Applications" menu is selected, and the "POST STORM REVIEW" link is active. The main content area is titled "PostStormReview" and contains a "Shop & Event" section. This section has three dropdown menus: "Season" (set to 2014-2015), "Shop" (set to -Select Shop-), and "Event" (set to -Select Event-). There is a "Next >>" button at the bottom of the form. The footer of the page includes "Copyright 2007 MDOT", "Privacy Statement", and "Terms Of Use".

Figure 3-24 Post Storm Review - Shop & Event

The screenshot shows the "PostStormReview" form in the EORS interface. The "Review" tab is selected. The form is titled "SHA Shop Post-Storm Review". It contains two main sections: "Shop" and "Event". The "Shop" section includes fields for "Shop Start Time" (19/23/2013 4:10:09 PM), "Emergency Operations Start Time" (19/23/2013 8:00:44 PM), "Event Duration" (46:34:19), "Precipitation Type(s)" (fog, snow, sleet), "Air Temp: High" (36), "Air Temp: Low" (33), "Road Temp: High" (33), "Road Temp: Low" (28), "Salt (tons)" (0), "Salt (lb/ton)" (0.00), "Salt (lb/ton) Enhanced" (0.00), "Magnesium Chloride (lb/ton)" (0.00), "Other Materials" (0.00), "Completed Salt Data Collection" (Yes/No), "Equipment Usage" (Trucks: 14, Hours: 8, Total: 22, Time to leave Placement: 00:00:00, Storm Cost: \$0.00), "Salt Lib/Len" (0.00), "Storm Cost Lib/Len" (\$0.00), and "Storm Cost Lib/Len" (\$0.00). The "Event" section includes fields for "Date of Review" (01/23/2015), "Shop End Time" (19/23/2013 2:44:28 PM), "Emergency Operations End Time" (19/23/2013 9:00:58 AM), "Emergency Operations Duration" (37:00:14), "Accumulation" (3.50), "Air Temp: Low" (30), "Road Temp: Low" (28), "Salt Lib/Len" (0.00), and "Storm Cost Lib/Len" (\$0.00). The footer of the page includes "What worked well (coordination, equipment, road work, materials, other notes, etc.)".

## 3.8 Situational Awareness

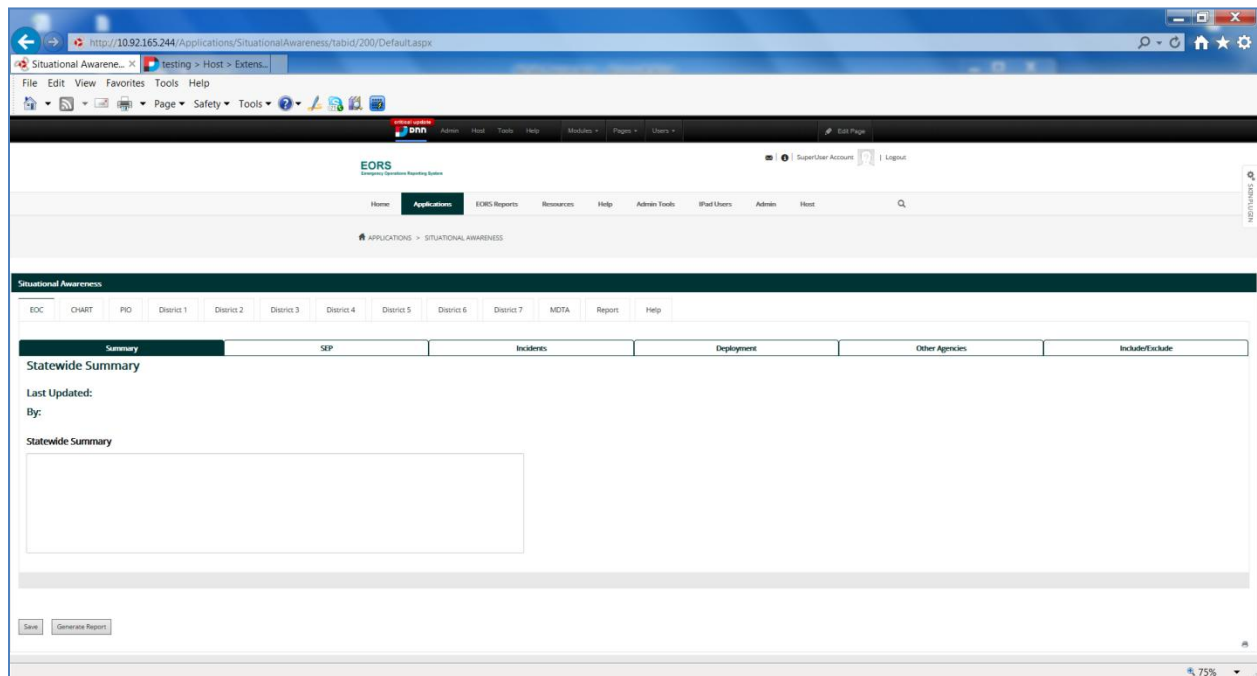

Figure 3-27 Situational Awareness EOC/Summary Tab

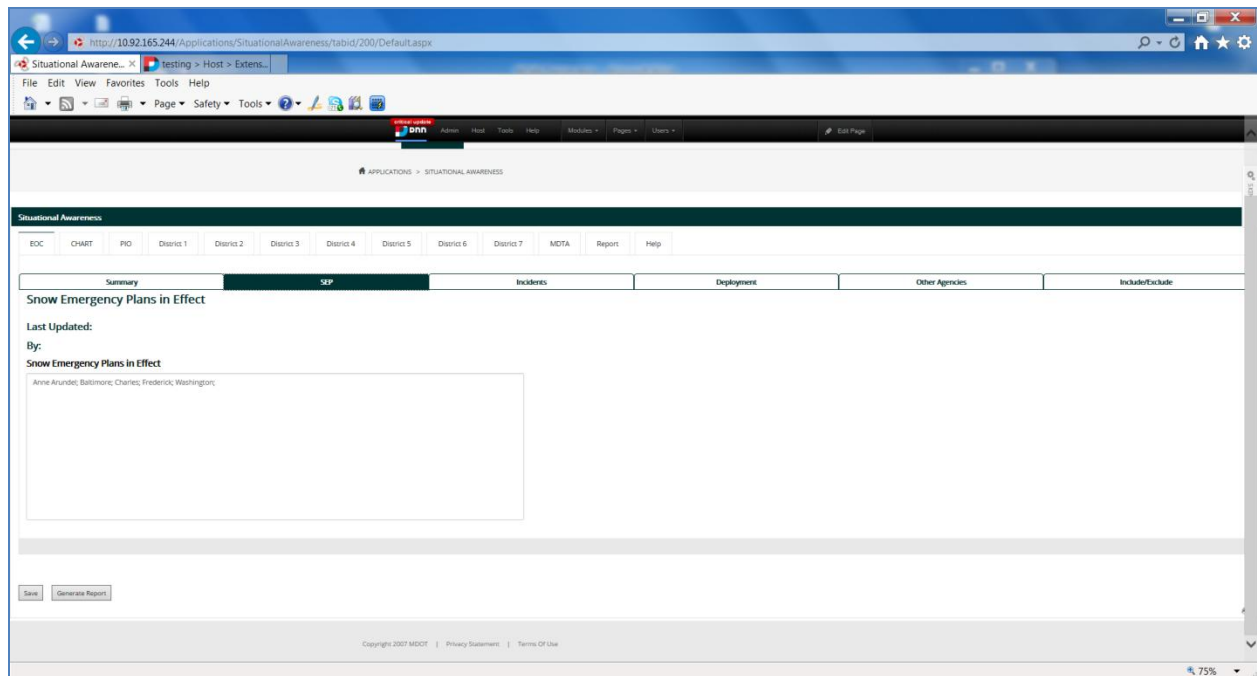

Figure 3-28 Situational Awareness EOC/SEP Tab

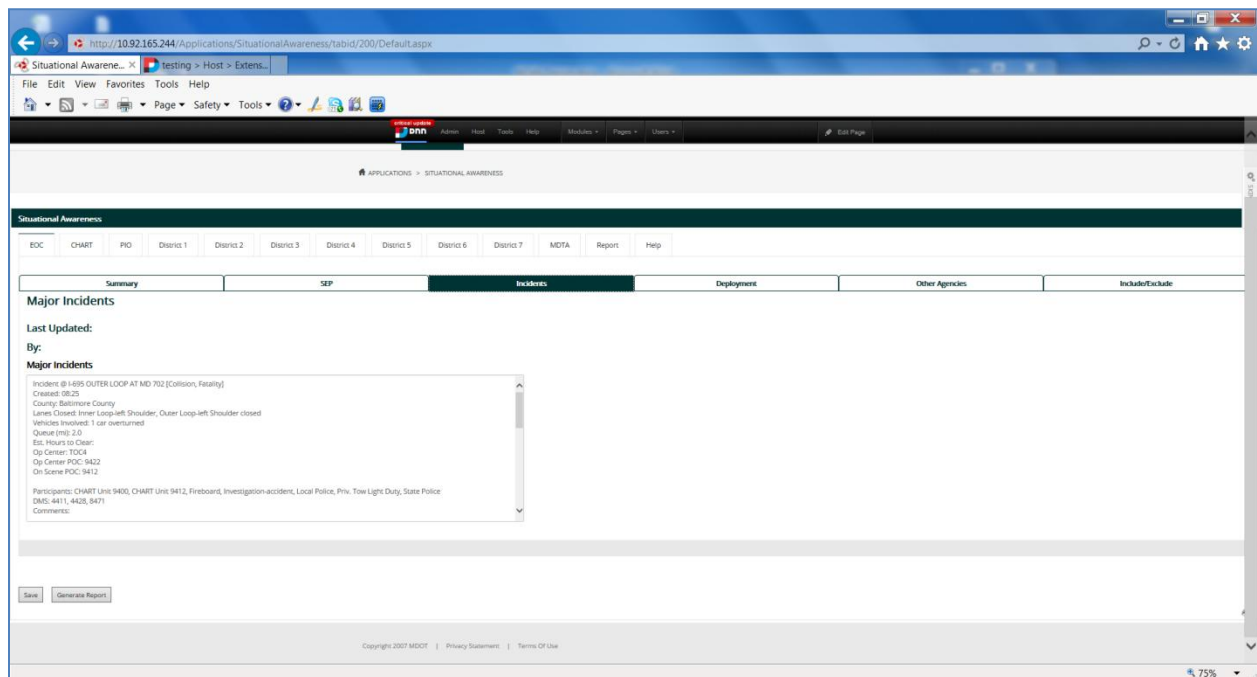

Figure 3-29 Situational Awareness EOC/Incidents Tab

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/SituationalAwareness/tabid/200/Default.aspx>. The application has a dark blue header with the "MDOT" logo and navigation links: Home, Applications, EORS Reports, Resources, Help, Admin Tools, IPad Users, Admin, and Host. Below the header, a breadcrumb trail reads "APPLICATIONS > SITUATIONAL AWARENESS".

The main content area is titled "Situational Awareness" and features a navigation bar with tabs: EOC, CHART, PIO, District 1, District 2, District 3, District 4, District 5, District 6, District 7, MDTA, Report, and Help. Below this is a sub-navigation bar with tabs: Summary, SEP, Incidents, **Deployment**, Other Agencies, and Include/Exclude.

The "Current SHA & MDTA Deployment" section includes a "Last Updated:" field and a "By:" field. Below these is a table titled "Current SHA & MDTA Deployment" with the following data:

SHA Personnel	197
SHA Equipment	5
SHA Hired Equipment	10
MDTA Personnel	1
MDTA Equipment	0
MDTA Hired Equipment	0
Total State Personnel	198
Total State & Hired Equipment	15

At the bottom of the section are "Save" and "Generate Report" buttons. The footer contains copyright information: "Copyright 2007 MDOT | Privacy Statement | Terms Of Use".

Figure 3-30 Situational Awareness EOC/Deployment Tab

This screenshot shows the same web application but with the "Other Agencies" tab selected in the sub-navigation bar. The "Reported by Other Agencies" section includes a "Last Updated:" field and a "By:" field. Below these is a table titled "Reported by Other Agencies" with the following data:

Other Agencies
Provide update for State Agencies, Local Jurisdictions and Neighboring States

At the bottom of the section are "Save" and "Generate Report" buttons. The footer contains copyright information: "Copyright 2007 MDOT | Privacy Statement | Terms Of Use".

## 3.9 EOC Plans

### 3.9.1 Current EOC & District Plans

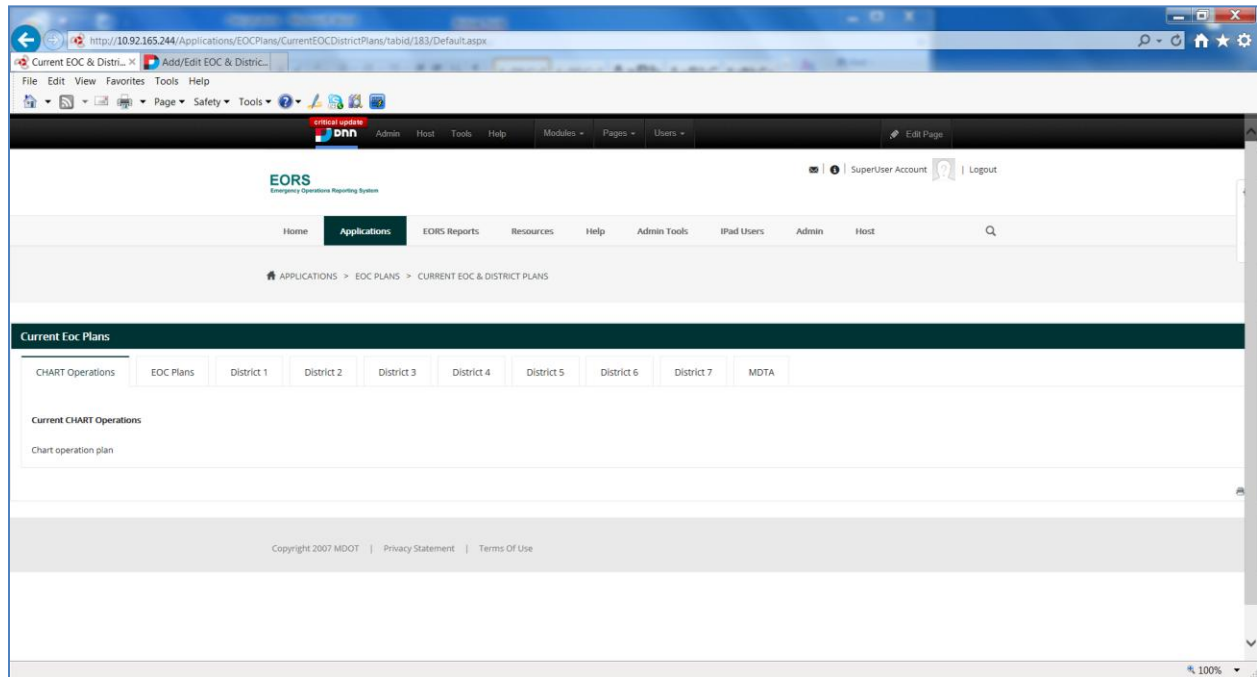

Figure 3-41 EOC Plans CHART Operations

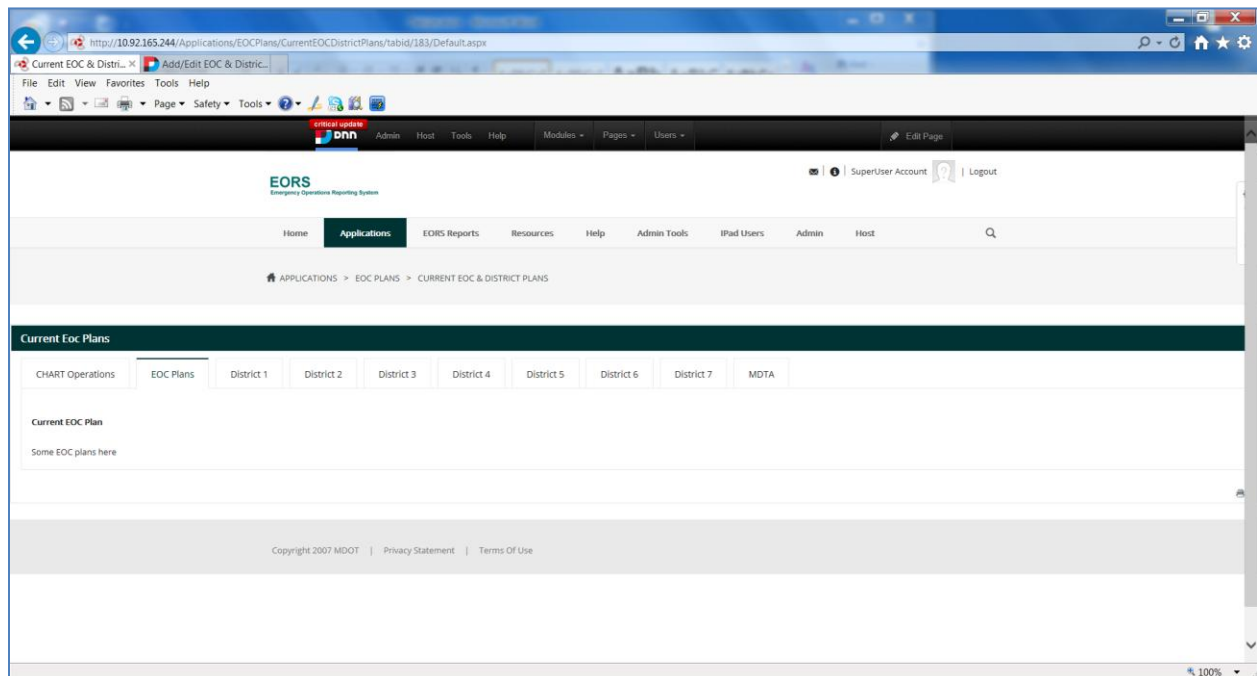

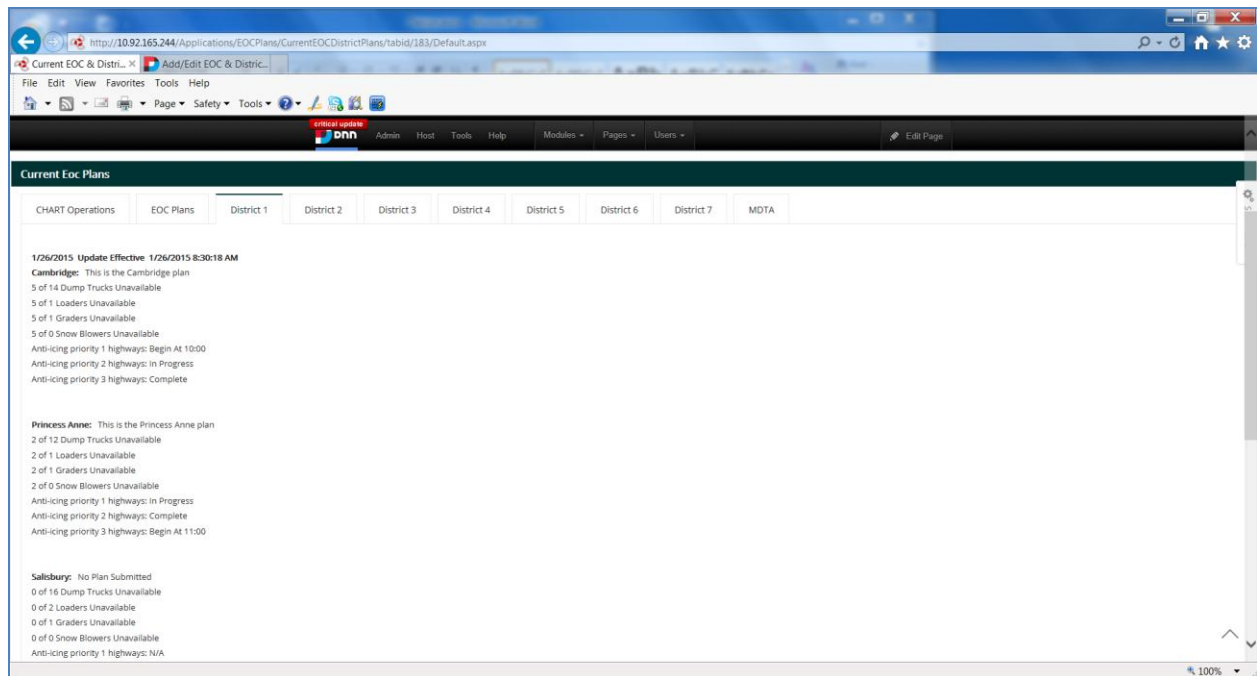

Figure 3-42 EOC Plans EOC Operations

**Figure 3-43 EOC Plans District Plan**

### 3.9.2 Add/Edit EOC & District Plans

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/EOCPlans/AddEditEOCDistrictPlans/tabid/184/Default.aspx>. The browser's address bar and menu bar are visible. The web application has a dark blue header with the 'dnn' logo and navigation links: Admin, Host, Tools, Help, Modules, Pages, Users, and an 'Edit Page' button. Below the header is a light gray navigation bar with links: Home, Applications (selected), EORS Reports, Resources, Help, Admin Tools, iPad Users, Admin, and Host. A breadcrumb trail reads: APPLICATIONS > EOC PLANS > ADD/EDIT EOC & DISTRICT PLANS. The main content area is titled 'Add Plan' and contains a tabbed interface. The 'CHART Operations' tab is active, showing a large text input field and a 'Submit CHART Operations' button. Other tabs include EOC Plans, District 1 through District 7, and MDTA. The footer contains copyright information: Copyright 2007 MDOT | Privacy Statement | Terms Of Use.

Figure 3-44 EOC Plans CHART Operations

The screenshot shows the same web browser window as Figure 3-44, but with the 'EOC Plans' tab selected. The main content area now displays a large text input field for the 'EOC Plan' and a 'Submit EOC Plans' button. The rest of the interface, including the header, navigation bar, and breadcrumb trail, remains identical to the previous figure.

Figure 3-45 EOC Plans EOC Operations

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/EOCPlans/AddEditEOCDistrictPlans/tabid/184/Default.aspx>. The browser's address bar and menu bar are visible. The application interface has a dark header with a 'critical update' banner and navigation links: Admin, Host, Tools, Help, Modules, Pages, and Users. Below the header is a tabbed interface with 'CHART Operations' and 'EOC Plans'. The 'EOC Plans' tab is active, showing a sub-tabbed view for Districts 1 through 7 and MDTA. The 'District 1' sub-tab is selected, displaying 'District 1 Plans'. The form contains two main sections: 'Cambridge' and 'Princess Anne'. Each section has a large empty text area for notes. Below the 'Cambridge' text area are input fields for 'Dump Trucks' (value 0), 'Loaders' (value 0), 'Graders' (value 0), and 'Snow Blowers' (value 0). There are also three dropdown menus for 'Anti-icing priority 1 highways', 'Anti-icing priority 2 highways', and 'Anti-icing priority 3 highways', all set to 'N/A'. The 'Princess Anne' section has a similar layout but is partially obscured. The bottom of the page shows a status bar with '100%' zoom.

### 3.9.3 Create Statewide Plan

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/EOCPlans/CreateStatewideOpPlan/tabid/185/Default.aspx>. The page title is "CreateStatewidePlan". The form includes the following fields and sections:

- Effective Date:** A date picker set to 1/26/2015.
- Effective Time:** A time picker set to 8:38 AM.
- Select which attachments to add to the report:** A checkbox for "Include Precipitation Timing Map".
- Select Forecast(s) to include (optional):** A grid of checkboxes for Districts 1 through 7.
- Weather Forecast:** A large text area for entering the weather forecast.
- Chart Operations:** A text area for entering the chart operation plan.

Figure 3-47 Create Statewide Plan

The screenshot shows the "EOC Plan" section of the web application. The page title is "EOC Plan". The form includes the following fields and sections:

- EOC Plan:** A text area containing the text "Some EOC plans here".
- Current Shop Plans:** A section with a "District 1 Include in Report:" checkbox (set to "Yes") and a table of plans.
- Cambridge Plan:** A table with the following rows:

Cambridge
Effective date: 1/26/2015 8:30:18 AM
This is the Cambridge plan
5 of 14 Dump Trucks Unavailable
5 of 1 Loaders Unavailable
5 of 1 Graders Unavailable
5 of 0 Snow Blowers Unavailable
Anti-icing priority 1 highways: Begin At 10:00
Anti-icing priority 2 highways: In Progress
Anti-icing priority 3 highways: Complete
- Princess Anne Plan:** A table with the following rows:

Princess Anne

## 3.10 Admin

### 3.10.1 Shop Equipment Inventory

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/Admin/ShopEquipmentInventory/tabid/105/Default.aspx>. The page title is "Shop Equipment Inventory". The navigation menu includes Home, Applications (selected), EORS Reports, Resources, Help, Admin Tools, iPad Users, Admin, and Host. The breadcrumb trail is APPLICATIONS > ADMIN > SHOP EQUIPMENT INVENTORY. The main content area displays a table titled "Shop Equipment Inventory" with columns for ID, Dump Trucks, Loaders, Graders, and Snow Blowers. The table contains 10 rows of equipment data, with a total count of 1234 at the bottom right.

	Dump Trucks	Loaders	Graders	Snow Blowers
8111	14	1	1	0
8112	12	1	1	0
8113	16	2	1	0
8114	17	2	1	0

### 3.10.4 Event Reporting Reminder

The screenshot shows the 'Event Reporting Reminder' web application. The browser address bar displays 'http://10.92.165.244/Applications/Admin/EventReportingReminder/tabid/181/Default.aspx'. The application has a dark blue header with a 'critical update' banner and a navigation menu including 'Admin', 'Host', 'Tools', 'Help', 'Modules', 'Pages', and 'Users'. Below the header is a breadcrumb trail: 'APPLICATIONS > ADMIN > EVENT REPORTING REMINDER'. The main content area features a form titled 'Notifier' with the subtitle 'Configure Event Shop Report Email Alerts'. The form includes fields for 'Recipient(s)', 'cc:', 'bcc:', and 'Subject:'. The 'Subject' field is pre-filled with 'Reminder:EORS Shop Reports not updated'. There are also two time limit fields: 'Open Event Time Limit (minutes):' (1440) and 'Paused Event Time Limit (minutes):' (5760). Below these are two checkboxes: 'Alert Normal Operations' and 'Alert Paused Operations'. A 'Submit' button is located at the bottom of the form. The footer contains copyright information: 'Copyright 2007 MDOT | Privacy Statement | Terms Of Use'.

### 3.13 Hurricane Preparedness

The screenshot shows a web browser window with the URL <http://10.92.165.244/Applications/HurricanePreparedness/tabid/206/Default.aspx>. The page features a navigation bar with links for Home, Applications, EORS Reports, Resources, Help, Admin Tools, iPad Users, Admin, and Host. The main content area is titled "HurricanePrep" and contains a form with an "Event" dropdown menu set to "140925N002 - Hurricane". Below the dropdown is a "Continue" button. A message states: "If no Active Event exists, please call the SOC to have an EORS Event created for reporting purposes. 1-800-543-2515". At the bottom, there are links for "Copyright 2007 MDOT", "Privacy Statement", and "Terms Of Use".

Figure 3-67 Hurricane Preparedness Parameters

The screenshot shows the "HurricanePrep" application with the "Day 1" tab selected. The interface includes a navigation bar with tabs for Day 5, Day 4, Day 3, Day 2, and Day 1. Below the navigation bar, there are tabs for EOC, CHART, PIO, District 1, District 2, District 3, District 4, District 5, District 6, District 7, MDTA, OOTS, Report, and Help. The main content area is titled "EOC Hurricane Preparedness - Day 1" and displays the following information: "Last Updated 1/19/2015 1:45:42 PM By host" and "EventID: 140925N002 Projected Landfall: 01/18/2015". There is a "Save" button and two sections for monitoring and participation. The first section, "Monitor National Hurricane Center (NHC) advisories and prepare and distribute tropical storm updates to emergency managers within SHA and MDOT", has a date of "1/26/2015" and a comments field. The second section, "Participate in MEMA National Weather Service (NWS) conference calls and prepare and distribute local weather forecast information to emergency managers within SHA and MDOT", has a date of "10/14/2014" and a comments field.

## 4.4 EOC Plans

### 4.4.1 Current EOC & District Plans

The screenshot shows the EORS (Emergency Operations Reporting System) interface on an iPad. The top status bar indicates the time is 8:44 AM and the battery is at 99%. The address bar shows the URL 10.92.165.244. The navigation bar includes links for Route Restrictions, Current EOC & District P..., WebEOC 7.6 Login, and Home. Below the navigation bar, there is a critical update notification for DNN and a menu with Admin, Host, Tools, Help, Modules, Pages, and Users. The main header area displays the EORS logo and the text 'Emergency Operations Reporting System'. The user is logged in as 'SuperUser Account' and can click on a question mark icon or 'Logout'. A search icon and a 'SKINPLUGIN' button are also visible. The main content area shows a breadcrumb trail: Home > Applications > EOC PLANS > CURRENT EOC & DISTRICT PLANS. The 'Applications' menu is expanded, showing options like Home, Host, EOC Reports, Resources, Help, Admin Tools, iPad Users, and Admin. The 'Current Eoc Plans' section is highlighted, and it contains a table of 'Current CHART Operations'.

### 4.4.3 Create Statewide Plan

The screenshot shows an iPad screen with a dark status bar at the top displaying 'iPad', signal strength, '9:11 AM', and the IP address '10.92.165.244' with a 99% battery icon. Below the status bar is a navigation bar with a 'critical update' badge, the 'dnn' logo, and menu items: 'Admin', 'Host', 'Tools', 'Help', 'Modules', 'Pages', and 'Users'. The main content area has a 'Host' header and a breadcrumb trail: 'APPLICATIONS > EOC PLANS > CREATE STATEWIDE OPS PLAN'. A 'SKINPLUGIN' sidebar is on the right. The main form, titled 'CreateStatewidePlan', contains the following fields and options:

- Effective Date:** A text input field with '1/26/2015' and a calendar icon.
- Effective Time:** A text input field with '9:10 AM' and a clock icon.
- Select which attachments to add to the report:** A section with a single checkbox labeled 'Include Precipitation Timing Map'.
- Select Forecast(s) to include (optional):** A section with seven checkboxes labeled 'District 1' through 'District 7'.
- Weather Forecast:** A large, empty rectangular text area.

At the bottom of the screen, the text 'Chart Operations' is visible.

## 4.7 User & Role Admin – Administrator Panel

This section contains screen captures from the administrators' user management pages.

### 4.7.1 User List

The screenshot shows the 'User Accounts' page on an iPad. The top navigation bar includes 'Admin', 'Host', 'Tools', 'Help', 'Modules', 'Pages', and 'Users'. The breadcrumb trail is 'ADMIN > USER ACCOUNTS'. The page title is 'User Accounts'. There is a search bar with a 'Username' dropdown and a 'Search' button. Below the search bar are filters for 'All', 'Online', 'Unauthorized', and 'Deleted'. The main table lists users with columns for Username, Display Name, Telephone, and Created Date. The table is paginated, showing 'Page 1 of 15, users 1 to 50 of 736'. At the bottom, there are three buttons: 'Add New User', 'Remove Deleted Users', and 'Delete Unauthorized Users'.

			Username	Display Name	Telephone	Created Date	Auth

## 4.7.2 Create User

The screenshot shows the 'Add New User' form within the DNN Admin interface. The top navigation bar includes links for Home, Applications, EORS Reports, Res, 10.92.165.244, Admin Tools, iPad Users, and Admin. A 'critical update' banner is visible on the left. The main content area is titled 'Edit User Accounts' and contains the 'Add New User' form. The form includes input fields for User Name, Display Name, and Email Address, each with a red asterisk and an information icon. There are checkboxes for 'Authorize' and 'Notify', both of which are checked. Below these, a section titled 'Optionally enter a password for this user, or allow the system to generate a random password' contains a 'Random Password' checkbox (unchecked) and input fields for 'Password' and 'Confirm Password', each with a red asterisk and an information icon. At the bottom of the form are two buttons: 'Add New User' (blue) and 'Cancel' (gray). The footer of the page contains the text 'Copyright 2007 MDOT | Privacy Statement | Terms Of Use'.

## 4.8 User Admin – User Panel

This section contains screen captures of user level user management. It is restricted to updating password and profile and to new user registration.

The screenshot displays the EORS (Emergency Operations Reporting System) user interface on an iPad. The top status bar shows the time as 10:59 AM and the battery level at 100%. The browser address bar displays the URL 10.92.165.244. The EORS logo is visible in the top left corner, and the user's name 'dan' is shown in the top right corner next to a 'Logout' link. The main navigation menu includes 'Home', 'Applications', 'EORS Reports', 'Resources', 'Help', and 'iPad Users'. The 'USER PROFILE' section is currently selected, indicated by a house icon. Below this, the 'Profile' section is active, showing four tabs: 'Manage Account', 'Manage Profile', 'Communications', and 'Manage Services'. The 'Manage Account' tab is selected, displaying the 'Account Settings' section. This section includes three input fields: 'User Name' (dan), 'Display Name' (dan), and 'Email Address' (dan@dan.com). Below these fields are two expandable sections: 'Manage Password' and 'Account Information'. At the bottom of the 'Manage Account' section are two buttons: 'Update' and 'UnRegister'. The footer of the page contains the text 'Copyright 2007 MDOT | Privacy Statement | Terms Of Use'.

### 4.8.3 Register New User

The screenshot shows the EORS V2 User Registration form on an iPad. The top status bar indicates 'iPad', '12:48 PM', and '100%' battery. The browser address bar shows '10.92.165.244'. The page header includes the EORS logo and 'Emergency Operations Reporting System', with 'Register | Login' links. A navigation bar contains 'Home', 'EORS Reports', and 'iPad Users'. Below this is a 'HOME' button. The main content area is titled 'EORS V2 > Home'. A blue note box states: '\*Note: Membership to this website is Verified. Once your account information has been submitted, you will receive an email containing a link to verify your account. All fields marked with a red asterisk are required. - (Note: - Registration may take several seconds. Once you click please wait until the system responds.)'. The registration form includes five fields: 'User Name:', 'Password:', 'Confirm Password:', 'Display Name:', and 'Email Address:'. Each field has a red asterisk and an information icon. Below the fields are 'Register' and 'Cancel' buttons. The bottom of the screen shows a partial view of a table with columns 'EORS SmartView' and 'SCANIA/ak'.
